GOVERNOR VAIL PITTMAN

Governor's Message

Nevadans, traditionally proud of their State, its people and their philosophy of living, have consistently paid keen attention to their government and its institutions, which are the tools that fashion the Nevada way of life . . . High on the list of State institutions is the University of Nevada, and our citizens and their government have long recognized its tremendous value, past, present, and potential, to our economy. Accordingly, the steady growth and improvement of the

University will be a continuing program . . . I feel that the excellent calibre of the young men and women who attend our university - both from within and from without our borders - is a splendid testimonial to the institution of higher learning that the State has built. University of Nevada graduates currently hold high positions in all walks of Nevada life. In addition their contributions to other states of our nation and other countries of the world have brought recognition to their beloved State and Alma Mater. I firmly believe that the members of this year's graduating class, as well as classes yet to be graduated, will do equally well in their fields . . . It is customary, in a message for a volume of this type, to address words of encouragement to the members of the graduating class who are about to make their entry into the business and professional world. To them I can only remark that the problems of the world are, as always, complicated, but I cannot be pessimistic about our destiny. I believe any words of advice of mine would best be summed up as follows: "Do the very best you can and keep Nevada in your hearts." . . . To the graduates, undergraduates, regents, faculty and administrative personnel, as well as to the staff of the 1950 Artemisia—my

warmest best wishes.

VAIL PITTMAN, Governor.

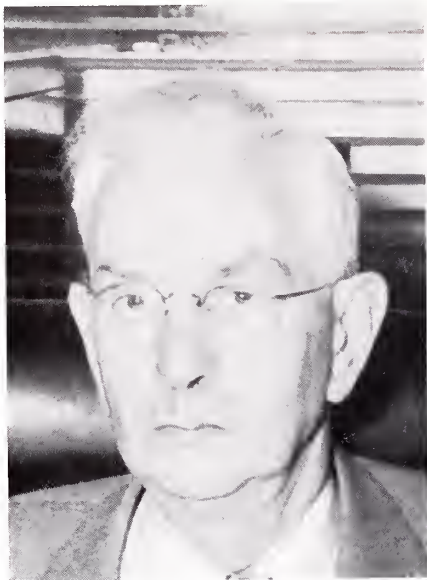

President's Message

This anniversary year has been a year of achievement. A strengthened faculty ensures our growth. A more compact administrative structure provides a firmer foundation for building the university as the enduring intellectual center of the state. A broader liaison with our people contributes to better understanding and more certain support . . . Stark growth is not in itself enough. This generation has inherited the material gods of Fertility and Growth, but it has not always preserved the perspective which would enable it to discern which growths are good. For our healthy development, both as a university and as individuals, it is essential that we create and that we retain the ability to discriminate among our own creations. The university must demand this of its faculty and expect it from each student. The maturity which comes to an individual from meditation and self-discipline builds an inner resource which is the very main-spring of creative ability . . . Mere accumulation of information may be barren, but when the vistas of intellectual expansion which a university offers stimulate a burning and eternal curiosity, when you find yourself impatient with contentment and with imitation and unsatisfied by any single accomplishment, when the creative urge becomes a driving tempest within you, then your education has begun . . . May this history of a college year serve as a pleasant reminder of your own productive effort.

GILBERT E. PARKER,
Acting President.

FRANCIS JENKINS

An extensive program outlined by last year's Alumni Association got into full swing this year under the guidance of president Walter States, '38; vice-president Lee Nio DelGrande, '34; and director Max Dodge, '47. Active chapters were established in eight sections of the country, and six more cities are almost ready for chartering. The Alumni Executive Committee is elected during each yearly Homecoming Celebration, and the presidents of the alumni extension chapters automatically become members of the committee. The A.E.C. now has fifty members.

PAUL REIMER

Student-body president Paul O. Reimer initiated several new ideas to better the workings of his presidential duties. Ideas formulated by P. O. included the organization of a president's council representing the sorority, fraternity, and hall-groups, the showing of old-time movies, and the creation of a publicity committee to promote university interest among state high schools. Paul also tried to arouse more interest in the assemblies. Ably assisting as secretaries were Shirley Bell and Marilyn Whitehair.

Sign 'em up while they're green was the motto at Activities Parade.

Frosh Activities

Under the leadership of Proc Hug, the class of '53 began its yearling career with a progressive dinner, an activities parade, and the ice-breaker dance, during orientation week. Other fall activities included the "N" painting and the Frosh-Soph tug-o-war. Among spring-time events were the Frosh sponsored dance and the Frosh-Soph Spring Fling.

"N" Painting

The freshmen's traditional fall and Mackay Day treks to Peavine Mountain were rigidly enforced by the upperclass committee. Whether the "N" received any whitewash is still a debatable question.

Nevada's gridiron warriors invaded Cincinnati to uncover the 1949 version of the Wolf Pack. A high geared running attack put the Bearcats of the University of Cincinnati on the short end of a 41-21 score and started talk of another great year for Nevada's football machine.

The following week, U.S.F.'s Dons pounded out a 41-13 win over the Pack in a hard-fought battle played at Kezar Stadium in San Francisco. Varsity Basketball

Undaunted by defeat in its initial encounter with Chico State, the Wolf Pack Cagers went on to complete one of its most successful seasons in recent years. Revenging their loss with Chico, Nevada dropped their third start to USF, last year's National Champions, in a high scoring game at Kezar. Moving on to Fresno, the Pack took its first series in dropping the Bulldogs by comfortable margins. In their first home encounter, the Nevadans knocked off Indiana State, one of the Midwest's strongest five, by a 55-46 count. Nevada suffered their third loss at Portland in a 61-60 thriller but rebounded the next night to settle the score. Returning to Reno, the Pack split another series, this time with Colorado A and M, winning by 17 points the first night and losing by 17 on the second encounter.

Pacific was the next victim on the Wolves' menu as the pack enjoyed a double entree. The second series with Portland proved to be a repeat performance of the first, offering another split series. It was against last year's NAIB finalist, Regis College, that the Pack appeared to reach its peak. Trailing at one time by 13 points, Nevada presented one of the most startling comebacks in Nevada's hardwood history, ending on top of a lopsided 69-50 score.

Nevada gave St. Francis of Brooklyn a bad start on their western tour by scoring nine points in the last minute in another flashy comeback. However, the next two weeks were disastrous for the Pack as they dropped two series, one to San Jose and one to Stewart Chevrolet. In Las Vegas the Wolves avenged a first night two-point defeat from Loyola by a large margin. The regular season closed with a double win over St. Mary's, bringing the season's record to 14 wins and 10 losses. In spite of the number of losses Nevada beat every team they met, at least once, with the exception of three Bay Area teams.

Fresh Basketball

Nevada's 1949 freshman basketball team fashioned one of its most successful seasons on record, closing with a record of 15 wins and nine losses. Teams to meet the Wolf Cubs included high schools, junior colleges, and Reno town teams. The jaycee clubs were the only ones that held a serious threat for the Cubs, who were unable to get a win from any of them. Included in the season's wins was a triumph in the Manogue high school dedicational tournament. The Cubs took that one with only seven players, due to the absences caused by Christmas vacation. Top scorers throughout the season included forwards Dan Sullivan and John Buccambuso, center George Wilitms, and guards Ray Hunter and Larry Bangert.

Skiing

The university ski team once again did its share to place Nevada on the collegiate map by placing well in all the major meets in which it competed, besides showing well in the annual carnival. Thrills and spills aplenty were recorded by skiers Les Hawkings, John Gianotti, Bob Ramsey, Jack Parke, Fuzz Leonard, and four years letterman Harvey Rose. Hal Coddington, pro at Mount Rose Bowl, did a fine job coaching the team this year.

What started as a rather promising boxing season in the fall of 1949-50 ended suddenly in the middle of the schedule, when the team was unable to fill enough weight classes to continue the remaining cards. Four veterans of past Nevada teams did not turn out as expected, leaving the team weak at the beginning. Then, in the first card, the Pack lost two more fighters through injuries. After losing two more cards, mostly due to forfeiture of three weights, Nevada cancelled what was left on the schedule. Lightweight Stan Drakulich and heavyweight Don Eckles did not lose a fight, although both were held to draws.

Track

A shortage of funds for intercollegiate sports caused a decidedly short season for the Nevada track and field teams. Hugh Smithwick took over as head man of the affair, relieving former coach Jake Lawlor for more time to devote to spring football practice. Veterans Lawrence "Punjab" Hairston and Art Wigg showed well in the weights, and were aided by newcomer Phil Moore. Javelin ace Charlie "Red" Higgins ran into difficulties, and missed out on early competition, weakening the team in that field event. In the dashes and distances, veterans Charlie Springer and Marv Byars performed as expected, and were helped considerably by new men Lee Schroder and Proc Hug.

Golf

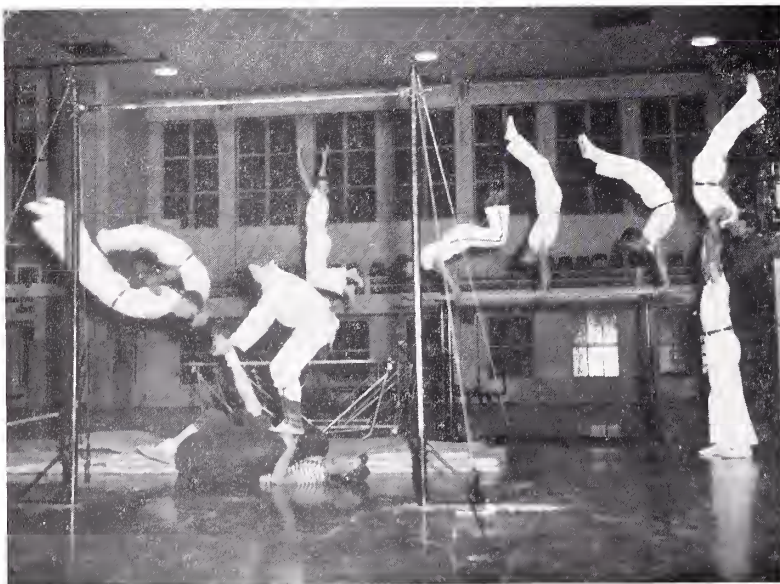

The 1950 edition of Nevada's golf team started the season with a new coach and some very promising material. The new coach is Pete Marich, professional at Washoe county golf course, and the player material came in the form of veterans from 1949's fine team. Lettermen Wayne Adams Jr., Earle Charlton, and Stan Kosakowski were all back, along with Bob Larsen, a veteran from the 1947 and 1948 teams. Augmented by new players selected by a ladder system, the Wolf Pack linksmen were confident that they could add to the five consecutive victories compiled at the end of the season by the 1949 Wolf Pack.

Tumbling

The tumbling team is one of the fastest growing organizations on the campus, and this year participated in its first gym meet against the College of Pacific. Under the direction of physical education instructor Art Broten, the club performed in many activities this year, and will continue to do so in the future. Among these were the Wolves Frolic, March of Dimes program, between the halves of two basketball games, and the annual Physical Education Department Show. Members of this club who receive no letter at all for their work are Jack Parke, Jerry Schafer, Joe Melcher, Dave Cochrane, Irv Hackett, Don Thompson, Bob Coughlin, Jim Etcheto, Earle Dempsey, Bill Luis, Bob Ramsey, Wayne Schmalz, Bob Arneson and Mark Tett.

Riflery

The University came up with a good rifle team this year, and competed in over 100 postal matches with all the leading colleges in the nation. Besides the postal duels, the team, under the direction of Sergeant C. Brunetti, fired in three meets in the Bay Area. Shoulder to shoulder matches with U.S.F. and California, and the National Intercollegiate meet in Berkeley. The Rifle Club, whose members form the team, was led by President Lowell Miller, while other members were Tom Macaully, Jay Atwood, Eddie Callahan, G. Gay Woo, Jim Atkinson, Larry Callahan, Jim Etcheto, Mel Guerrero, Bill Engel and Knight Beauchamp.

Intramural

Eight fraternities, two independent groups, and the veterans group known as the Highlanders entered the intramural sports program this year. The Highlanders were not competing for the valued Kinnear trophy, but inter-fraternity council issues other awards for winners of the various sports.

Sports

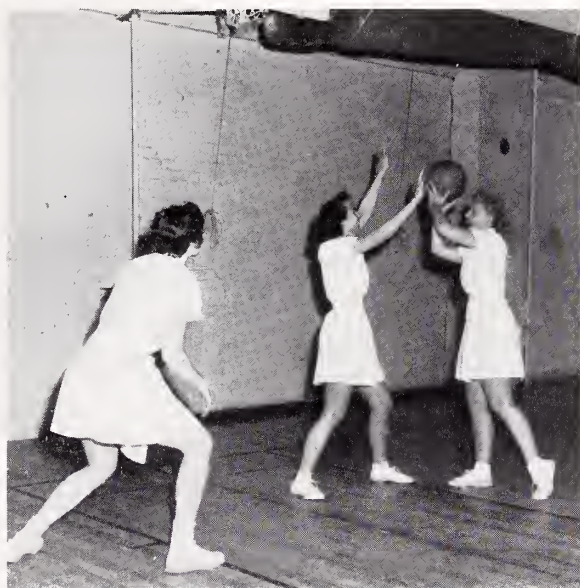

The intramural sports program continued to give recreation to a large number of students who would otherwise be left out. In addition, it builds friendship and a competitive spirit among men's organizations. Intramural sports were begun at Nevada in 1913, with but a few events. The program now includes 14 events, among which are basketball, baseball, softball and track.

Women's Sports

Under the diligent efforts of Misses Russell, Price and Briggs, the Women's P. E. department had a very stimulating year. Besides the usual sporting events, the Women combined their talents with the men's tumbling team to hold its annual P. E. Department Demonstration. Highlights of the evening were various interpretations of dances.

Events

Skiers from nine neighboring colleges converged at Reno to take part in the University of Nevada's eleventh annual ski carnival. Accenting a colorful array of activities were the assembly, the open houses, the banquet and the climaxing ski ball.

Winter

The University of California's Bears claimed first place honors, climaxing the week-end of Nevada's 11th annual winter carnival. Nevada placed sixth, doing well in slalom, cross country and jumping. All events were held at White Hills and Mount Rose. Competing teams, in order of their finishing, included California, Portland University, Utah, Stanford, UCLA, Nevada, San Jose State, Cal Aggies and College of Pacific.

Carnival

Preceding the Snow Ball dance was a banquet at the Colombo. At this time carnival chairman Norman Olsen introduced members of competing teams and candidates vying for the queen's title. Irene Marks, College of Pacific coed, was crowned queen at the dance. Another highlight of the week-end proceedings was an all-school assembly. Background material on other carnivals, expectations for the following week-end, and several musical offerings made up the assembly program.

Military Ball

The Military Department held its ball in the Mapes Ballroom, with a capacity crowd attending. Shirley Hodge was crowned Queen of the Ball, with Governor Vail E. Pittman officiating.

Events

Mackay Day

Celebration of Mackay Day this year was more than its usual success. Congratulations are in order for Eppie Johnson, chairman, who initiated the idea of final tribute to the V. & T. Railway. Lucius Beebe was the main speaker at the luncheon. Nancy Hecker, Kappa Alpha Theta sorority member, won Mackay Day Queen and reigned over the annual dance held in the old gymnasium Saturday night. The usual beard check, luncheon, obstacle race, inter-fraternity skits, and song teams, were outstanding. The entire three day fete had its yearly send off down at the L'IL Wal.

Mackay Day

Frat Dances

The Phi Sigs held their annual "Golden Nugget Saloon" dance; the Taus held their "Bowery" dance; the Sigma Nus had their "Jail Bird" dance; and the Lambda Chis held their "Joe College" dance-all with record breaking crowds attending each during the Spring.

BOULDER CLUB

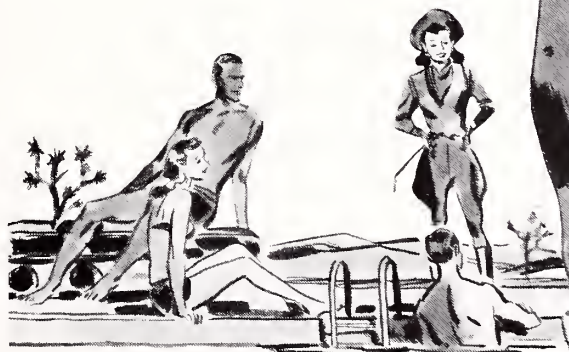

Las Vegas, Nevada

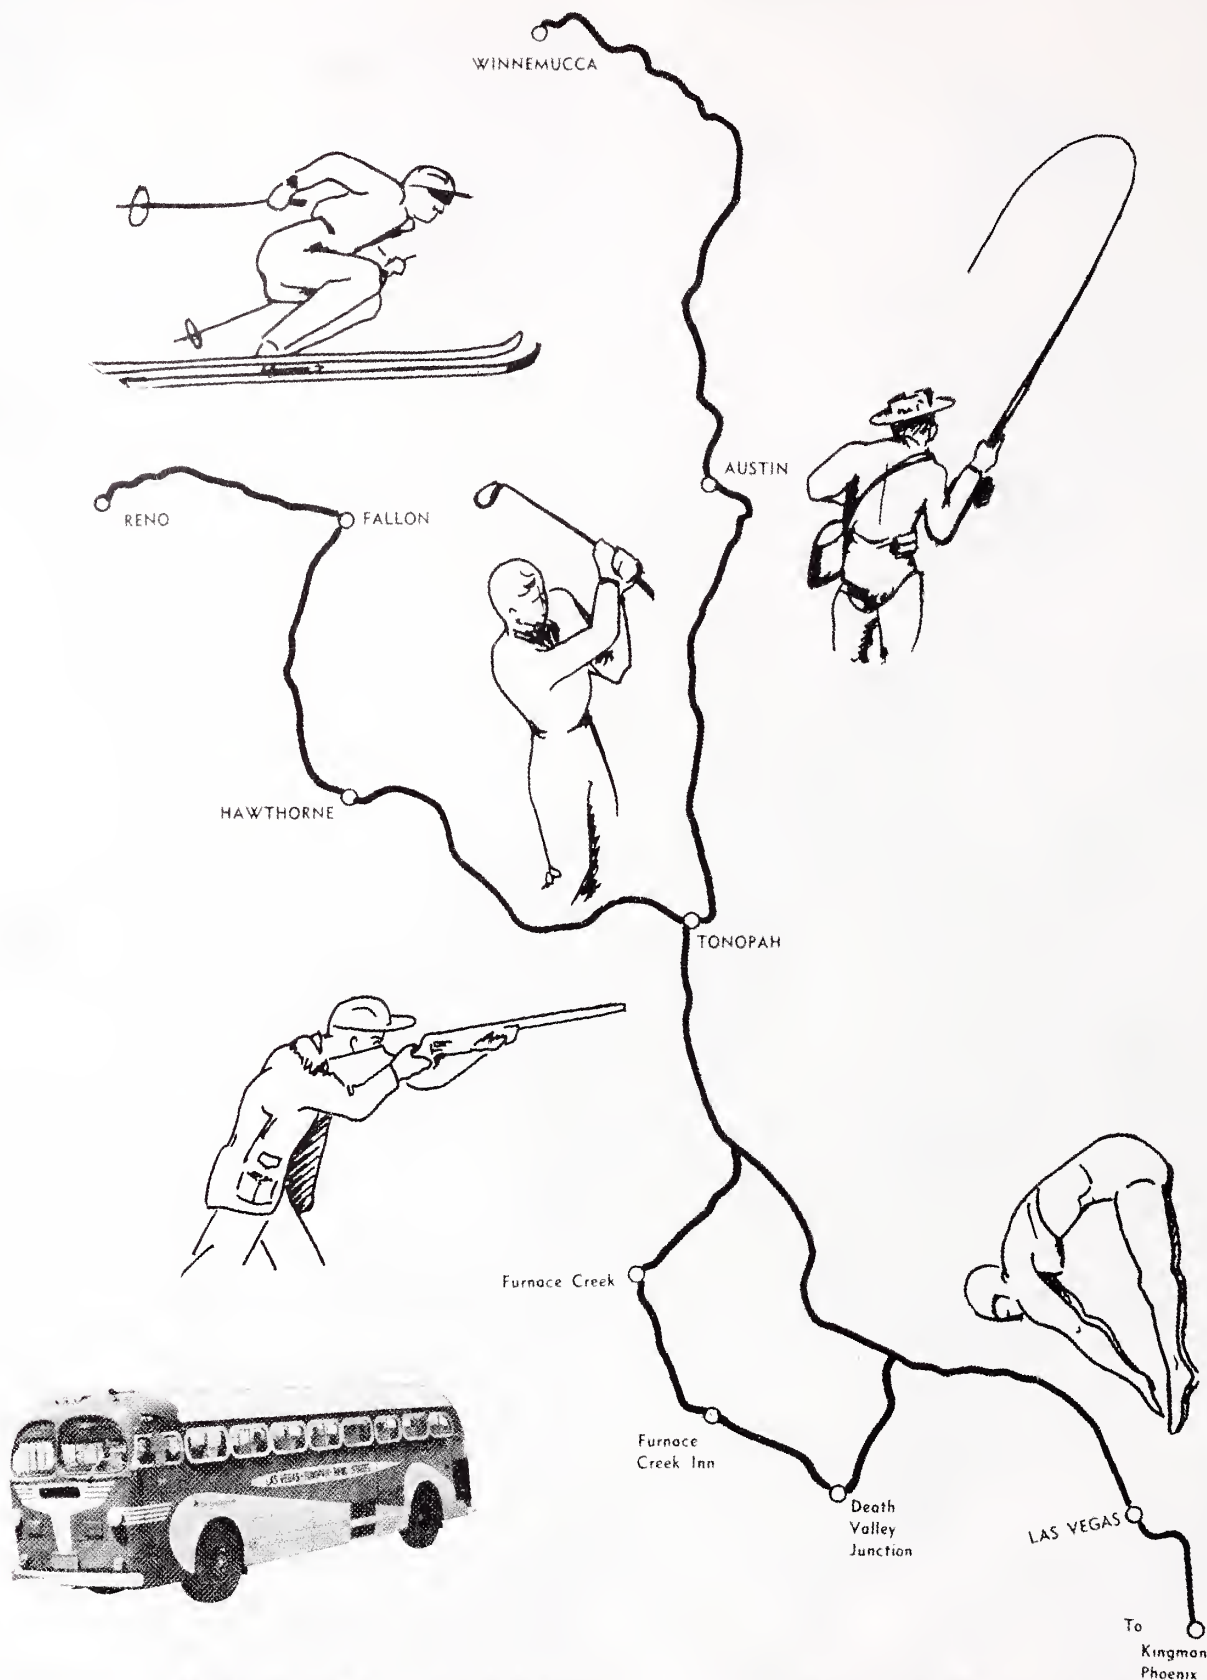

Howdy Podner!

Seems like the time to wish you young folks godspeed on your educational journey comes of terner than it used to. Must be that life's speeding up and we're getting older. Certainly looks that way when you take a look at Las Vegas today and then remember what it was 10 years ago. Probably no place on earth has built up and gotten to be an established community in such a hurry. Nevada is still a land of opportunity—we're proving it every day. Keep this in mind as you plan your life ahead. Meanwhile, best wishes to the class of 1950. Hope we'll be seeing you around for a long time to come.

Swan Song

With the termination of an exciting display of events at the University of Nevada and with the last entry of our college year passing in review, we are now at "Parade Rest." We wish to thank the following persons whose entries made our 1949-1950 pageant possible: The advertisers, for their financial backing; Ralph Marks of the Camera; Bill Shipaugh and Harry Frost of Reno Printing Co.; Verne Lane of Nevada Engravers; S. K. Smith Co., for our unique cover; and the Sagebrush staff for their cooperation in publicity matters; the Graduate Manager's Office, the faculty and student body for their excellent cooperation in all matters pertaining to them, and finally to those seven people who helped tremendously on the staff, and the twenty others who at least signed up, we appreciated it.
